

2010~2011 SPECIAL TRANSFER OPTION

Parents may request a special transfer for their child(ren) from the child's projected school to another district school (except dedicated magnet schools). Students with special curriculum needs (ESE, ESOL, etc.) should consult with district staff in those particular areas to determine whether the curriculum offerings are available at the requested school. Special transfers are determined by lottery based upon space availability. **Transportation is the responsibility of the parent/guardian.** Schools that are over capacity will not have openings for Special Transfer Option students. Schools that have magnet waiting lists will accommodate waiting lists before offering openings for Special Transfer Option students. Parents will be notified about placement in June. Late applications will be placed according to space availability and before school starts on August 23, 2010.
