Our Vision:

to provide students with the necessary skills to enter educational, training, or professional support services fields.

Our Program:

The academy structure provides:

- A Smaller Learning Community designed to add Rigor, Relevance, and Relationships to the educational experience.
- A sense of family and community among participants.
- Increased cooperation and better relationships among students, teachers, parents, and other community partners.
- A core group of teachers selected specifically for the academy who provide support and encouragement while challenging students to reach their potential.
- Community partners who assist with guest speakers, field trips, mentoring, job shadowing, field experiences, and community service projects.

The curriculum is designed to:

- Motivate and inspire students
- Provide them with academic support
- Increase their academic achievement
- Incorporate real-world experiences
- Offer them academics with a career focus to better prepare them for post-secondary options.

Post-secondary options include:

- Admission to a four-year college or university
- Attendance at a two-year community college
- Direct entry into the workforce or military

Students will receive more **individualized attention**, and will be encouraged to become learners who are active, creative, independent **problem-solvers** and **critical thinkers**.
