

What Our Students Have to Say:

“The Business and Entrepreneurship Career Academy has given me a chance to learn new business skills. I really like the teachers and club sponsors. I think the experiences in the academy have helped improve my applications to colleges.”

– Priscilla McDonald,
Miss Ed White 2009-2010

“The Academy is good for anyone wanting to understand and experience going into business. It has given me a sense of pride in knowing there are other excellent students in the academy.”

– Michael Kingsley,
honor student

Extracurricular:

- ▶ BPA—Business Professionals of America

Leading the Way from Day One

The Florida Department of Education has recognized the career academy as an approach to help students become more engaged in school and to prepare them for college and/or additional training and employment.

The Academy of Business and Entrepreneurship has been designed to simulate a college curriculum. Students take cornerstone courses, which give them essential skills, and an overview in the global business area through guest speakers, field trips, and the use of technology.

Participation in Business Professionals of America provides leadership training and helps academy students enhance their skills in communication, problem solving, teamwork and computer technology.

Students will specialize with higher-level capstone courses during their junior and senior years. This leads to eligibility for the Bright Futures Scholarship Program and the Gold Seal Scholarship as well as possible paid internships at local businesses.

This integration of curriculum prepares students for top universities, while giving them experiences they can build on their entire lives.

Guest speakers and field trips add to students' real-world education.

Students in the Academy of Business and Entrepreneurship will be prepared with business skills necessary to become successful entrepreneurs and leaders in the global marketplace. These experiences are invaluable in preparing students for post-secondary schools and success in the world of business.
